Letter of Recommendation

To Whom It May Concern

Dale Alcock Projects was selected as the preferred builder in a closed tender for the construction of a 6 bedroom 4 bathroom duplex in Girrawheen which was completed March 2020. This project was Western Australia's as well as Rocky Bay's first Specialist Disability Accommodation (SDA) project which included one dwelling (3 bedrooms) specified as High Physical Support, the other Fully Accessible (3 bedrooms) with a shared OOA/office onsite.

Rocky Bay preference was always to work with a builder with a strong reputation who could deliver this complex project. We would like to highlight that the project team at Dale Alcock brought an extensive deal of industry expertise, which has been invaluable given the size, and complexities of the project.

The team also brought knowledge, experience, integrity and a willingness to assist in achieving all client needs throughout the project. In particular we would like to highlight the outstanding work carried out by Jamie Ferguson an extremely knowledgeable and solution focused Site Supervisor in charge of overseeing the works. Having Jamie's oversight made the entire construction phase seamless.

Given the uniqueness of this project being Western Australia's first SDA build project, it was of great value partnering with Dale Alcock Projects in a marketing capacity to assist with increasing the exposure of this project.

I am happy to recommend Dale Alcock Projects for future projects of similar scope and scale as I know the teams passion for delivering great buildings will surpass client expectations.

Kind Regards,

Qais Dost
